FEATURES

- ▶ Durable and humane live-catch trap.
- ▶ No springs or hinges.
- ▶ Powder coated steel holds up to harsh weather conditions.
- ▶ Easy to set and select degree of sensitivity with variable trigger setting.
- ▶ Easy to release animals.

SETTING INSTRUCTIONS

1. Raise both rings with your index fingers to the top of the door. Use your middle finger to open the door.
2. Set the door on the variable trigger setting and release the door. Your Tru-Catch trap is now set and ready to bait.
3. Place bait behind the rear trip pan.
 - Suggested Bait: almost anything edible, chicken entrails, fish (fresh or canned), insect larvae, crisp bacon, eggs.

RELEASING INSTRUCTIONS

To release catch from your Tru-Catch Trap, turn the trap over onto its top. The door will automatically open for release.

Special Note:

During hot weather, we recommend the trap be set in a shaded area and checked often.
