

MULTI-STAGE SCARE EFFECTS

FOR USE WITH #6008 - RANGE EXTENDER ROCKET

Insert any single 15mm pyrotechnic scare cartridge into the rocket end.

Cartridges that can be used with the Range Extender Rocket are as follows:

- Bangers
- Screammers
- Whistlers
- Comet Bangers
- Screammers with Silver Comet
- Whistlers with Silver Comet
- 15mm Coloured Flares.

FOR MORE AUDIO AND VISUAL EFFECTS, A COMBINATION OF CARTRIDGES CAN BE USED

- THESE COMBINATIONS MUST START WITH A SCREAMER (#6001) OR SCREAMER WITH SILVER COMET (#6006)
- THESE COMBINATIONS INCLUDE THE USE OF CONNECTOR TUBES (#6005)

Use the hollow end of the cartridge (wider end) to expand the edges of the connector tube

NEVER STACK MORE THAN 3 SCARE CARTRIDGES TOGETHER

Please contact Margo Supplies if any of the above topics are unclear.

MULTI-STAGE SCARE EFFECTS

FOR USE WITH #6008 - RANGE EXTENDER ROCKET

COMBINATION	EFFECTS	RANGE
*MUST ALWAYS START WITH A SCREAMER (#6001) OR SCREAMER WITH SILVER COMET (#6006)		
Screamer (#6001) + Coloured Flare (#6004) 	Wooshing sound and rocket visibility through flight, loud screeching sound and a bright visual flare	330m (1080ft)
Screamer (#6001) + Comet Banger (#6010) 	Wooshing sound and rocket visibility through flight, loud screeching sound and a visual crackling comet banger	330m (1080ft)
Screamer (#6001) + Banger (#6000) 	Wooshing sound and rocket visibility through flight, loud screeching sound and an explosive banger report	335m (1090ft)
Screamer (#6001) + Screamer (#6001) 	Wooshing sound and rocket visibility through flight, loud screeching sound during flight of both screamers	380m (1250ft)
Screamer (#6001) + Screamer with Silver Comet (#6006) 	Wooshing sound and rocket visibility through flight, loud screeching sound during flight of both screamers and a visual sparkling tracer at the end	380m (1250ft)
Screamer (#6001) + Whistler (#6003) 	Wooshing sound and rocket visibility through flight, loud screeching sound and a whistling sound	380m (1250ft)
Screamer (#6001) + Whistler with Silver Comet (#6004) 	Wooshing sound and rocket visibility through flight, loud screamer sound and a whistling sound with a visual sparkling tracer at the end	380m (1250ft)
Screamer (#6001) + Screamer (#6001) + Comet Banger (#6010) 	Wooshing sound and rocket visibility through flight, loud screeching during flight of both screamers and a visual cracking comet banger	405m (1330ft)
